## ZeroChaos acquires PayWise

Orlando Business Journal

**ZeroChaos** acquired **PayWise Inc.**, a professional payroll service firm, from **Adecco USA**.

Terms of the deal were not disclosed.

ZeroChaos CEO Harold Mills says the deal will expand the firm's business by 150 companies in seven countries.

"We have complementary services and virtually no client overlap. As a result, this transaction creates the most significant and capable professional payrolling solution in the market," Mills says.

Orlando-based ZeroChaos is a staffing, management and payroll services firm and the largest black-owned firm in Florida. The company posted \$479 million in revenue in 1997.
